RE: Certificate in accordance with Master Trust Indenture Section 4.15(b) and Section 4.20

The undersigned, Senior Vice President and Chief Financial Officer for Lifespace Communities, Incorporated, hereby certifies that the attached financial statements for:

The Stayton

Are complete, correct and fairly present the financial conditions and results of operations for the five months ended May 31, 2020, subject to the year-end audit adjustments.

LIFESPAC E COMMUNITIES, INC.

A handwritten signature in black ink that reads "Larry M. Smith". The signature is written in a cursive style and is positioned below the company name.

Larry M. Smith

## **The Stayton Management's Discussion and Analysis**

### **Overview:**

Tarrant County Senior Living Center, Inc., d/b/a The Stayton at Museum Way (“The Stayton”) is a Texas not-for-profit corporation. The Stayton was formed for the purpose of constructing, owning and operating a continuing care retirement community in Fort Worth, Texas, known as The Stayton at Museum Way, providing housing, health care and other related services to its residents.

In June 2019, Lifespace Communities, Inc. (“Lifespace”) an Iowa nonprofit corporation, completed an affiliation with Senior Quality Lifestyles Corporation (“SQLC”). As a result of this affiliation, Lifespace is the sole member of The Stayton and has taken over management of the community.

The Stayton converted to Lifespace’s financial system on October 1, 2019, which included converting to the Lifespace chart of accounts. As a result of this conversion certain 2019 amounts have been reclassified to conform with the 2020 presentation.

Calendar year-end financial information for December 31, 2019 is provided from audited financial statements. All other financial information is obtained from unaudited financial statements.

This interim report should be read together with the audited year-end financial statements and their combined results.

### **Operational Charts and Financials:**

## **The Stayton Management's Discussion and Analysis**

### **Five Months Ended May 31, 2020 versus Five Months Ended May 31, 2019:**

The average year-to-date residential living occupancy at May 31, 2020, was 177.4 residential living homes (94.4% of the 188 available homes). The average year-to-date occupancy at May 31, 2019 was 179.6 residential living homes (95.5% of the 188 available homes).

Revenues from residential living monthly fees and related charges amounted to \$4,527,000 in 2020, a 2.9% increase from \$4,399,000 for the same revenue sources in 2019. The increase is driven by monthly fee increases of an average of 3.7% that took effect January 1, 2020 and offset by lower occupancy in residential living.

Revenues from the health center, assisted living, and memory support fees, net of contractual allowances and pass-through therapy expenses were \$4,424,000 in 2020 compared to \$4,183,000 in 2019, an increase of 5.8%. This increase is the result of increased census in assisted living and memory support. As of May 31, 2020, assisted living had a year to date average occupancy of 96.4% compared to 92.9% for the same period 2019. As of May 31, 2020, memory support had a year to date average occupancy of 96.5% compared to 84.0% for the same period 2019. Assisted living, memory support and the health center had monthly fee increases of 3.7% effective January 1, 2020.

In April and May 2020, The Stayton received approximately \$590,000 from the Department of Health and Human Services as a relief under the CARES Act's Public Health and Social Services Relief Fund. The Department of Health and Human Services continues to update the guidance regarding distribution of the funds. Retention and use of the funds are subject to certain terms and conditions and The Stayton will be required to submit documents to substantiate that these funds were used for increased healthcare-related expenses or lost revenue attributable to coronavirus, and that those losses were not reimbursed from other sources and other sources were not obligated to reimburse them. The Department of Health and Human Services will provide guidance in the future about the specific reporting requirements.

Total operating expenses, excluding depreciation and interest expense, were \$7,506,000 in 2020, a decrease of \$329,000 or 4.2% from comparable expenses of \$7,835,000 in 2019. Salaries and benefits increased \$43,000 or 1.3% as a result of annual merit increases of 2.0% in addition to adding new positions in higher levels of living as a result of increased occupancy. Offsetting these increases are wages for culinary team member that are now recorded within culinary costs due to the implementation of a new culinary program with a third party provider. General and administrative decreased \$628,000 or 26.0% due to lower financing related costs, legal services and marketing costs. Plant operations decreased \$40,000 or 7.7% as a result of lower cost in repairs and maintenance, cable television and utilities compared to the same period in 2019. Dietary costs increased \$361,000 or 58.7%. This increase is the result of implementing a new culinary program with a third party provider in which some costs that were previously recorded in salaries and wages are now recorded in dietary. Medical and other resident care decreased \$58,000 or 6.4% as a result of lower consulting services and professional dues and fees.

## The Stayton Management's Discussion and Analysis

Subsequent to year-end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities.

The COVID-19 impact on The Stayton changes on a daily basis. At any point in time, The Stayton can experience a resident or team member with a positive COVID-19 test. The Stayton has established protocols to comply with all federal, state and local requirements. Any suspected COVID-19 cases are subject to self-isolation and monitored. The Stayton has seen an increase in costs for personal protection equipment and inventories of these supplies have been increased in anticipation of their continued need. There have also been additional compensation plans for team members put in place. While the costs were minimal in the five months ended May 31, 2020, The Stayton expects these costs to increase as the pandemic continues, but is unable to estimate those additional costs.

The number of COVID-19 positive results at The Stayton has ranged from zero to three on a given day. As of the date of this disclosure, there are three resident cases.

### Five Months Ended May 31, 2020 Actual versus Budget:

The Board of Directors annually approves the budget. The chart below shows line item comparisons to the board approved net operating margin, net entrance fees and capital expenditures, along with the favorable and unfavorable variances.

(in thousands)	Actual	Budget	Favorable/ (Unfavorable)
<b>Revenues</b>			
Residential Living Fees	\$4,527	\$4,751	(\$224)
Skilled nursing, assisted living and memory support fees, net	4,424	4,084	340
Other	590	0	590
	9,541	8,835	706
<b>Expenses</b>			
Operating expenses:			
Salaries and benefits	3,363	3,505	142
General and administrative	1,787	1,529	(258)
Plant operations	481	590	109
Housekeeping	44	88	44
Dietary	976	702	(274)
Medical and other resident care	855	921	66
	7,506	7,335	(171)
Net operating margin	2,035	1,500	535
Net entrance fees	453	2,013	(1,560)
Capital expenditures	172	465	293

## **The Stayton Management's Discussion and Analysis**

Net operating margin is favorable to budget by \$535,000.

Residential living fees are unfavorable to budget by \$224,000 as a result of occupancy in the smaller apartments versus the larger apartments.

Skilled nursing, assisted living and memory support fees are favorable to budget by \$340,000 as a result of assisted living and memory support occupancies exceeding budget. Year-to-date average assisted living occupancy is 96.4% compared to a budget of 83.3%. Year-to-date average memory support occupancy is 96.5% compared to a budget of 75.0%.

In April and May 2020, The Stayton received approximately \$590,000 from the Department of Health and Human Services as relief under the CARES Act's Public Health and Social Services Relief Fund. Receipt of these funds were not budgeted.

Salaries and benefits costs are favorable to budget by \$142,000, or 4.1%, due to the implementation of a new culinary program in the fourth quarter 2019, which results in some costs budgeted in salaries and benefits being recorded in the dietary costs line. In addition, there is a director position budgeted that has not been filled.

General and administrative costs are unfavorable to budget by \$258,000, or 16.9%, due to financing related costs that were \$262,000 higher than budgeted. These are one-time costs that will not reoccur.

Plant Operations costs are favorable to budget by \$109,000, or 18.5% as a result of lower repairs and maintenance and utilities.

Housekeeping costs are favorable to budget by \$44,000, or 50.0%, due to less consulting/outsourcing services, which is due to timing. In addition, there were less repairs and maintenance than budgeted.

Dietary costs are unfavorable to budget by \$274,000, or 39.0% as a result of higher census in all levels of living except the health center when compared to budget. In addition, a new culinary program was implemented in the fourth quarter 2019, which results in some costs budgeted in salaries and benefits while currently recorded in the dietary costs line.

Medical and other resident care costs are favorable to budget by \$66,000, or 7.2%, due to lower consulting/outsourcing services. The Stayton has changed vendors for consulting and outsourcing which has led to lower costs. In addition, The Stayton had less professional dues and fees and legal services than budgeted.

Net entrance fees are unfavorable to budget by \$1,560,000. There was one closing for the five months ended May 31, 2020 compared to a budget of ten closings. There were net deferrals received as of May 31, 2020 of \$596,000, which increases net entrance fees.

**The Stayton  
Management's Discussion and Analysis**

Capital expenditures are favorable to budget by \$293,000, which is primarily due to timing of apartment refurbishments.

**Ratios:**

Lifespace uses the Fitch investment grade medians as benchmarks. The ratios for both the investment grade and the BBB ratings are shown in the footnote to the ratio calculation schedule.

On January 3, 2020, The Stayton completed a bond exchange of its Series 2009 Bonds for new Series 2020 Bonds issued in the amount of \$112,261,000. The Series 2020 Bonds bear interest at 5.75%, have a final maturity in 2054 and are interest only through 2024. Annual debt service in 2020 is \$5,881,000. Maximum annual debt service is \$7,520,000. The following is a summary of the long-term debt payable:

(in thousands)	<u>2020</u>	May 31, <u>2019</u>
Series 2009 Bonds	-	105,795
Series 2020 Bonds	112,261	-
	<hr/>	<hr/>
	112,261	105,795
Less: Net Unamortized Original Issue Discount	-	(2,069)
Less: Net Unamortized Issuance Costs	-	(2,619)
	<hr/>	<hr/>
	112,261	101,107
Less: Amounts Due within One Year	-	1,905
Amounts Due after One Year	<hr/>	<hr/>
	112,261	99,202

The Series 2020 Bonds have a debt service coverage ratio covenant, a liquidity covenant and an occupancy covenant. The testing dates for the debt service coverage ratio covenant and the liquidity covenant are June 30 and December 31 and begin June 30, 2021. The occupancy covenant is tested quarterly and testing begins June 30, 2020. The debt service coverage ratio covenant level is 1.10 for the first two testing dates and 1.20 thereafter. The liquidity covenant level is 120 days cash on hand. Calculation of days cash on hand includes amounts available from a \$6.0 million liquidity support agreement provided by Lifespace. The occupancy covenant level is 88.0% occupancy of independent living apartments.

**Liquidity and Capital Requirements – Five Months Ended May 31, 2020 versus Five Months Ended May 31, 2019:**

Cash proceeds from entrance fees and deposits (refundable and non-refundable), net of refunds, were \$453,000 in 2020 compared to \$1,087,000 for 2019. There was one closing for the five months ended May 31, 2020 and eight closings for the same period ended 2019. As of May 31, 2019, there were net deferrals of \$234,000 which has a negative impact on net entrance fees. As of May 31, 2020, there were deferral collections of \$596,000 which has a positive impact on net entrance fees.

## **The Stayton Management's Discussion and Analysis**

Daily operating expenses for May 31, 2020 decreased to \$65,000 from \$76,000 for May 31, 2019, a change of 14.5%. The change is driven by decreased interest expense along with one more day in 2020 than 2019. The overall unrestricted cash position decreased from \$8,132,000 at May 31, 2019 to \$6,698,000 at May 31, 2020, a change of 17.6%. In addition, there is a \$6,000,000 million liquidity support agreement provided by Lifespace. No amounts have been drawn on this agreement as of May 31, 2020.

Capital expenditures for the community for the five months ended May 31, 2020 were \$172,000, while depreciation expense for the same period was \$1,522,000. Capital expenditures for the community for the five months ended May 31, 2019 were \$254,000, while depreciation expense for the same period was \$1,508,000.

To evaluate the financial aspect of the needed re-investment in the community, Lifespace management targets capital expenditures for all communities it manages as a percentage of depreciation in the range of 70% to 130%. Lifespace will apply this approach to The Stayton as budgets are prepared for 2021 and going forward. This ratio is monitored on a 5-year historical view to assist with the annual capital expenditure decisions. The 5-year historical ratio for The Stayton at December 31, 2019 is 14% and falls well below the targeted range of Lifespace guidelines. It is not unusual to fall below the 70% of depreciation for a community that has been in service less than 15 years. Routine capital projects are expected to be funded from internal cash flows.

### **Forward-Looking Statements:**

This document contains various “forward-looking statements”. Forward-looking statements represent our expectations or beliefs concerning future events. The words “plan”, “expect” “estimate” “budget” and similar expressions are intended to identify forward-looking statements. We caution that these statements are further qualified by important factors that could cause actual results to differ materially from those in the forward-looking statements, including without limitations the factors described in this document.

We ask you not to place undue reliance on such forward-looking statements because they speak only of our views as of the statement dates. Although we have attempted to list the important factors that presently affect The Stayton’s business and operating results, we further caution you that other factors may in the future prove to be important in affecting The Stayton’s results of operations. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.
