Overview:

Tarrant County Senior Living Center, Inc., d/b/a The Stayton at Museum Way ("The Stayton") is a Texas not-for-profit corporation. The Stayton was formed for the purpose of constructing, owning and operating a continuing care retirement community in Fort Worth, Texas, known as The Stayton at Museum Way, providing housing, health care and other related services to its residents. Lifespace Communities, Inc. ("Lifespace") an Iowa not-for-profit corporation, is the sole member of The Stayton.

The Stayton failed to meet the debt service coverage ratio covenant at June 30 and December 31, 2021 and June 30, 2022. As the debt service coverage ratio is less than 1.0 at December 31, 2021, this is considered an event of default under the Master Trust Indenture. The Stayton has retained FTI Consulting, Inc. to, among other things, (i) evaluate operations and marketing strategies; and (ii) provide strategic advice on addressing financial issues. Additionally, The Stayton had previously retained Sidley Austin LLP as legal counsel. The Stayton has made the decision to change legal counsel to Polsinelli PC.

Effective March 1, 2022, UMB Bank N.A. resigned as bond trustee, master trustee, paying agent, registrar and transfer agent and BOKF, N.A. has been appointed successor bond trustee, master trustee, paying agent, registrar and transfer agent under the Master Trust Indenture and the Indenture of Trust.

On May 17, 2022, The Stayton filed a material event notice on EMMA that it has taken, or intends to take, various actions to preserve its cash position, to strengthen its future operations and to ensure continued interest from prospective residents in its community.

On June 22, 2022, The Stayton filed a material event notice on EMMA stating the failure to make the required June 15, 2022 deposit of \$538,000 with the Bond Trustee, for deposit into the Bond Fund, as required by the Loan Agreement. The Stayton also failed to make the required monthly deposits with the Bond Trustee through the current date. Restructuring professionals for The Stayton and its financial stakeholders have been working to develop a mutually agreeable forbearance agreement.

In October 2022, The Stayton drew on the Liquidity Support Agreement ("LSA") in the amount of \$600,000. It was funded from the Lifespace Obligated Group as part of the \$3 million unfunded commitment outlined in the LSA. In addition, pursuant to the LSA, Lifespace has made a deposit of \$3 million to be held by the Stayton trustee in a liquidity support account which can also be drawn on.

On December 1, 2022, a notice of nonpayment of debt service was filed on EMMA. The purpose of the notice was to advise Bondholders that The Stayton did not remit funds for the scheduled December 1, 2022 debt service payment due on the Bonds, and that the December 1, 2022 debt service payment due on the Bonds was not paid to Bondholders.

On January 19, 2023, a notice regarding entry into a forbearance agreement was filed on EMMA.

As of the date of filing this report, The Stayton currently has four warm and two hot leads. Throughout 2022 The Stayton hosted a combination of educational and lifestyle events. In January, The Stayton highlighted a downsizing event. In February, The Stayton is planning a chocolatier. The Stayton continues to focus on utilizing social media to spotlight resident's interests and talents while displaying the community lifestyle.

Calendar year-end financial information for December 31, 2021 and prior is provided from audited financial statements. All other financial information is obtained from unaudited financial statements.

Year Ended December 31, 2022 versus Year Ended December 31, 2021:

The average year-to-date independent living occupancy through December 31, 2022, was 170.0 independent living homes (90.4% of the 188 available homes). The average year-to-date occupancy through December 31, 2021 was 169.3 independent living homes (90.1% of the 188 available homes).

Revenues from independent living monthly fees and related charges amounted to \$11,571,000 for the year ended December 31, 2022, a 9.5% increase from \$10,563,000 for the same revenue sources for the same period in 2021. The increase is driven by monthly fee increases of 6.0% that were effective January 1, 2022, additional monthly fee increases of 2.5% that were effective August 1, 2022 and less apartment discounts and hardships.

Revenues from the health center, assisted living, and memory support fees were \$10,516,000 for the year ended December 31, 2022 compared to \$9,455,000 for the same period in 2021, an increase of 11.2%. The increase is driven by monthly fee increases of 6.0% that were effective January 1, 2022, additional monthly fee increases of 5.0% that were effective August 1, 2022 and the increase in health center occupancy when comparing periods. This is offset by the increase in hardship discounts and decrease in assisted living and memory support occupancy when comparing periods.

In the second quarter of 2022, The Stayton received \$75,000 in nursing facilities COVID relief funds from The State of Texas. The Department of Health and Human Services continues to update guidance regarding the distribution of these funds.

Total operating expenses, excluding depreciation and interest expense, were \$20,909,000 for the year ended December 31, 2022, an increase of \$4,759,000 or 29.5% from comparable expenses of \$16,150,000 for the same period in 2021. Salaries and benefits increased \$1,242,000 or 16.0% for the twelve-month period, as compared to the same period in 2021, mainly due to wage increases for culinary, nursing and housekeeping team members that took effect November 1, 2021, increases for all other positions that took effect January 1, 2022, and additional increases that took effect August 1, 2022 for culinary, nursing and housekeeping team members. General and administrative expense increased \$2,321,000 or 54.4% mainly due to financing related costs. Plant operations expense increased \$621,000, or 42.8% for the twelve-month period, mainly due to repairs and maintenance and utilities. Dietary expense increased \$423,000 or 22.8% for the twelve-month period, as compared to the same period in 2021, mainly due to increases in raw food costs. Medical and other resident care increased \$146,000 or 22.0% for the twelve-month period, as compared to the same period in 2021, mainly due to increases in raw food costs. Medical and other resident care increased \$146,000 or 22.0% for the twelve-month period, as compared to the same period in 2021, mainly due to an increase in agency costs.

The result is that The Stayton is not receiving the entrance fees at this time from which it can pay refunds, but The Stayton hopes to be receiving entrance fees again soon.

Capital expenditures are favorable to budget by \$9,299,000 as a result of timing.
